STATEMENT UNDER 37 C.F.R. § 1.821(e)**REGARDING THE SEQUENCE LISTING IN COMPUTER READABLE FORM**

Sir:

This statement is submitted as a timely response to the Notice to File Missing Parts dated May 14, 2002. Specifically, a copy of the "Sequence Listing" in computer readable form was requested. The computer readable form of the present application is identical with the computer readable form of the "Sequence Listing" that is found in the previously-filed U.S. Patent Application Serial No. 08/327,874, filed October 24, 1994 (now U.S. 6,327,249, issued April 16, 2002, at cols. 85-114). The present application claims the benefit of the '874 application filing date. In the '874 application, the computer readable form was submitted on disk and found to be compliant with the relevant requirements (*see* Paper No. 19, dated September 12, 1996, and Paper No. 20, dated September 16, 1996, from the file history of the '874 application).

Pursuant to 37 C.F.R. § 1.821(e), in lieu of filing a duplicate computer readable form in the present application, this letter is submitted as a request to use the compliant computer readable form of the "Sequence Listing" already on file, *i.e.*, already submitted during prosecution of the '874 application. The compliant computer readable form of the "Sequence Listing" submitted in the '874 application is identical to the paper copy of the "Sequence Listing" submitted with the present application (pp. 152-176 of the specification).

Authorization is hereby given to charge any additional fee due in connection with the submission of this Communication to Deposit Account No. 50-0521.

Respectfully submitted,
